Mr. King

Southern Nevada Water Authority's proposal will risk the livelihood of both those in Eastern Nevada by draining their resources and those in Southern Nevada who will be forced to pay for expensive project.

Please deny SNWA's request for water rights in the Great Basin.

Nevadans cannot afford this project.

There is nothing about this project that makes sense for ALL of Nevada. AND, we all live throughout Nevada. It is past time for development be granted ONLY within the confines of available resources and nothing more. Please stand up for the entire state and tell SNWA NO!
